Credit card fees and charges policy

This policy describes the fees and charges that apply to all personal credit cards issued by the bank. All amounts are in the currency of the card account. The bank may change this policy with 30 days' notice. Customers can ask for a copy of this policy at any branch or in the mobile app.

Annual fee

The Classic card has no annual fee. The Gold card has an annual fee of 60.00 and the Platinum card an annual fee of 150.00. The annual fee is charged in the month the card was opened. If a card is closed within 60 days of the fee being charged, the fee is refunded in full.

Interest on purchases

Interest on purchases is charged at the purchase rate shown in the card agreement. If the full statement balance is paid by the due date, no interest is charged on purchases from that statement. Interest is calculated daily and added to the account once a month.

Statements and minimum payment

A statement is issued every month. The minimum payment is 3% of the statement balance or 25.00, whichever is higher. If the balance is less than 25.00, the whole balance must be paid. The due date is 25 days after the statement date.

Late credit card payments

If the minimum payment is not received by the due date, a late payment fee of 35.00 is charged to the account. The fee is charged once per statement period, however late the payment is. A customer who misses two payments in a row may have the credit limit reduced. Payments made at a branch or by bank transfer are credited on the day they are received; payments by cheque can take up to three working days to be credited, so customers should pay early.

Late payment interest is charged at the overdue rate in addition to the late payment fee. The overdue rate is the purchase rate plus 5 percentage points and applies to the unpaid minimum payment until it is paid. Late payments are reported to credit reference agencies after 30 days, which can affect the customer's credit score. Customers who expect to miss a payment should contact the bank before the due date: the bank can agree a payment plan, and no late payment fee is charged while an agreed plan is followed.

Payments in foreign currency

Purchases and withdrawals in a foreign currency are converted at the card network's exchange rate on the day the transaction is processed. A foreign transaction fee of 2.5% of the converted amount is added. Platinum cards have no foreign transaction fee.

Lost, stolen and blocked cards

Customers must report a lost or stolen card immediately in the mobile app or by phone. The card is blocked at once and cannot be unblocked. A replacement card is sent free of charge within five working days. An express replacement costs 20.00.

Cash advances

Cash advances are charged a fee of 3% of the amount, with a minimum fee of 5.00. A cash advance is any cash withdrawal with the card, and also money transfers and gambling transactions. Interest on cash advances is charged from the day of the withdrawal, even if the full balance is paid by the due date.

Disputed transactions

Customers who do not recognise a transaction, or who were charged twice, can dispute it in the mobile app: open the app, pick the charge and tap Dispute. Disputes must be filed within 60 days of the statement date. The bank answers within 10 working days. While a dispute is open, no interest or fees are charged on the disputed amount.
